

MONEY & GOALS

Persistence is the KEY TO SUCCESS

- When deciding if it's worth your hard-earned cash, think of it in hours taken to earn rather than dollars. Value your time.
- Teamwork will be an important part of your life, for the rest of your life: with friends, work, family and love. Commit to a team or project and see it through.
- You are not 'entitled' to clothes, money, parties, holidays, a car etc. No matter what you get, someone worked hard to earn it, so respect that and always be grateful.
- Aim high. Reach for the stars, if you don't achieve your goal you've still achieved something. If you aim for the bare minimum, and you don't reach your goal where does that leave you?
- Plan a career (or three). Work will be a huge part of your life whether it's now or later, so prepare and invest time in exploring your passions.

YOU CAN - do, learn and achieve anything you set your mind and heart to, just take it one step at a time.
